TABADUL TRADING FACTSHEET

YEAR 2025

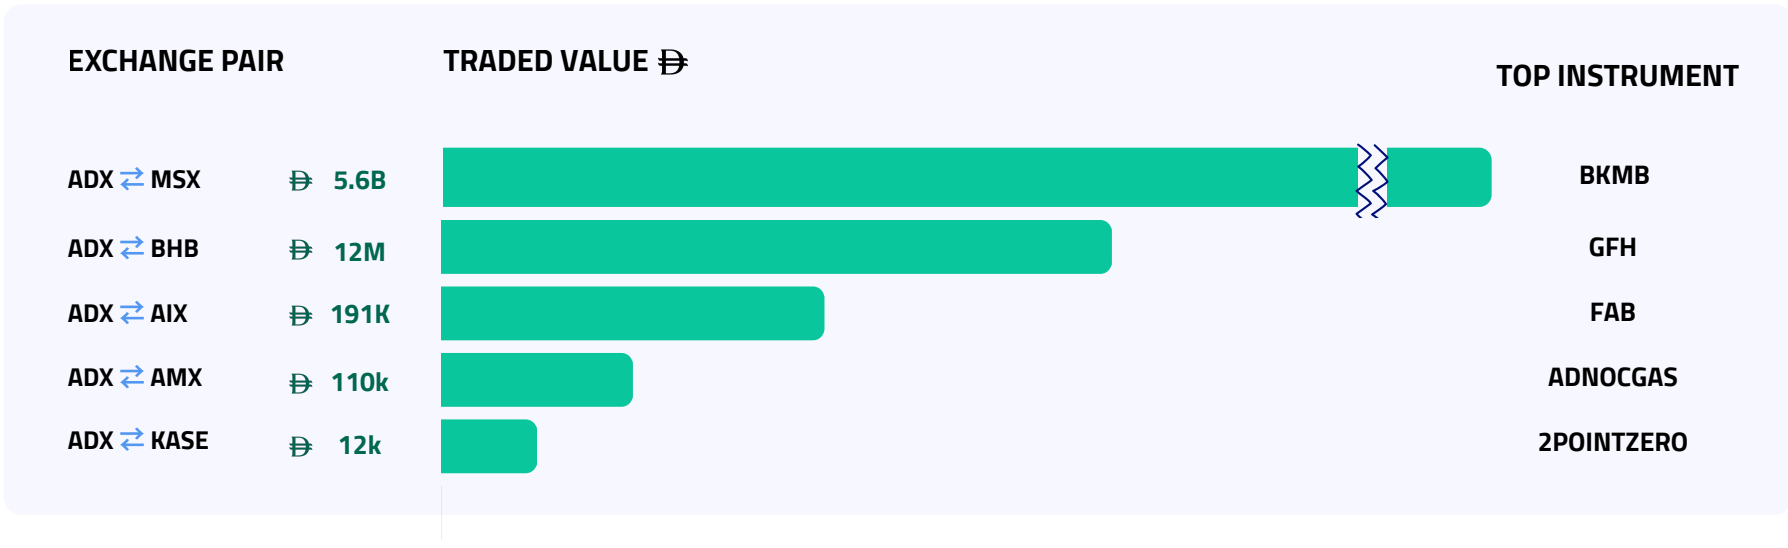

TRADING ACTIVITY HIGHLIGHTS

2025 represented a defining year of growth across all key trading metrics. Traded value surged nearly 9,000x to AED 5.6 billion, while traded volume increased more than 7,450x to 2.2 billion shares, reflecting a significant acceleration in liquidity and market activity. The number of trades rose 108x, alongside expansion to five traded exchanges, highlighting deeper market engagement, broader participation, and the continued scaling of Tabadul's trading network.

CROSS-BORDER TRADING SUMMARY

2025 trading activity via Tabadul was led by the ADX–MSX pair, generating AED 5.6 billion in traded value and serving as the primary growth driver. Activity across additional exchange pairs further supported overall volumes, reflecting broader participation and a more connected trading network.
