TABADUL TRADING FACTSHEET

Q3 2026

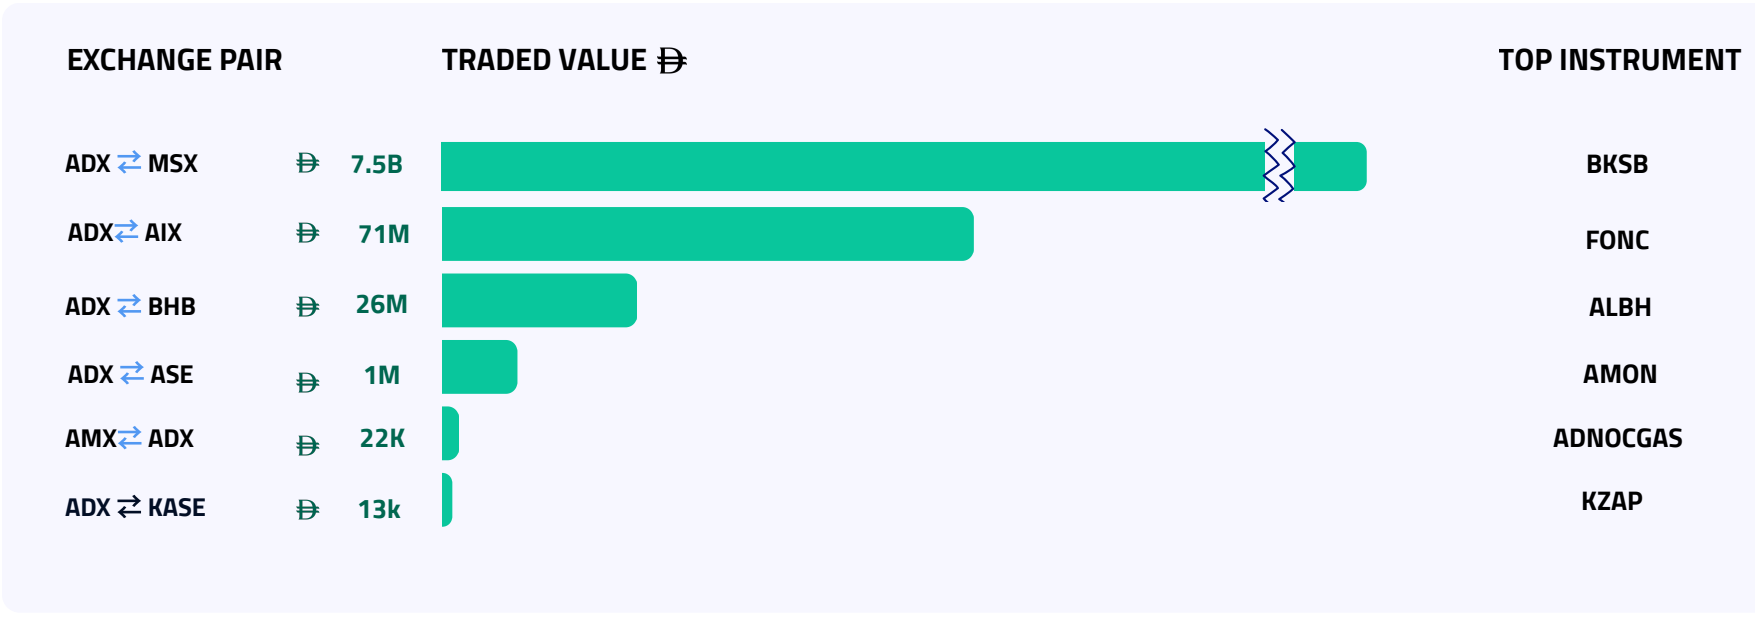

TRADING ACTIVITY HIGHLIGHTS

Q3 2026 delivered strong growth across key trading metrics compared to Q2 2026. Traded value increased by 5.6% to AED 7.6 billion, while the number of trades more than doubled, rising 103.2% to 128k. Although the number of traded securities declined from 88 to 77, the number of active trading exchanges increased from 5 to 6, reflecting broader market participation and continued expansion of market connectivity.

CROSS-BORDER TRADING SUMMARY

In Q3 2026, the ADX–MSX exchange pair continued to dominate cross-border trading activity, generating AED 7.5 billion in traded value. ADX–AIX followed with AED 71 million, while ADX–BHB contributed AED 26 million.
